Young Barnet Foundation Vision & Mission - it is important that you understand who we are and why we do what we do and that as a member you are committed to supporting our aims, mission and vision.

Our Vision

Where Barnet as one community, invests in all our children and young people, ensuring that they have opportunities for fun, growth, connection, success and celebration - helping today's children become tomorrow's confident, successful adults.

Our Mission

Space 2 Grow - ensuring that children and young people can access local opportunities, in safe spaces, to grow and develop to be the best that they can be.

As a membership vehicle, we provide strong fundraising and capacity building support to the local voluntary sector. Driving new initiatives and supporting existing services by working in partnership with our members, both community and statutory partners, local businesses and residents of Barnet.

Projects will deliver *at least one* of the following key objectives: -

- Meeting emerging need
- Piloting a new initiative (with aim of using data to seek further funding)
- Upscaling of an existing project with proven track record
- Collaboration with YBF member organisation(s)
- Urgent need for the charity

Applications will be assessed against:

- Evidence of need
- Quality of planning of project, showing proposed delivery and marketing of project to drive engagement
- Impact on emotional wellbeing and resilience of children and young people
- Impact on access, delivery, networks and evidence of partnership working
- Financial need of the organisation and value for money
- Confirmation that Monitoring and Evaluation requirements will be completed including the agreement to provide quantitative data along with case studies and quotes

Who can apply?

- Please see Applicant Guidance later in this document.

Eligible projects:

- Please see Applicant Guidance later in this document.

Match funding:

- There is no requirement to have match funding as part of the project and 100% grant funded projects will be considered. However, we do assess and score projects in terms of the 'leverage' that our grant may bring about in terms of cash match funding and in-kind contributions. We aim to give advice to applicants and signpost them to other funders.

Delivery, Partnerships & Networks:

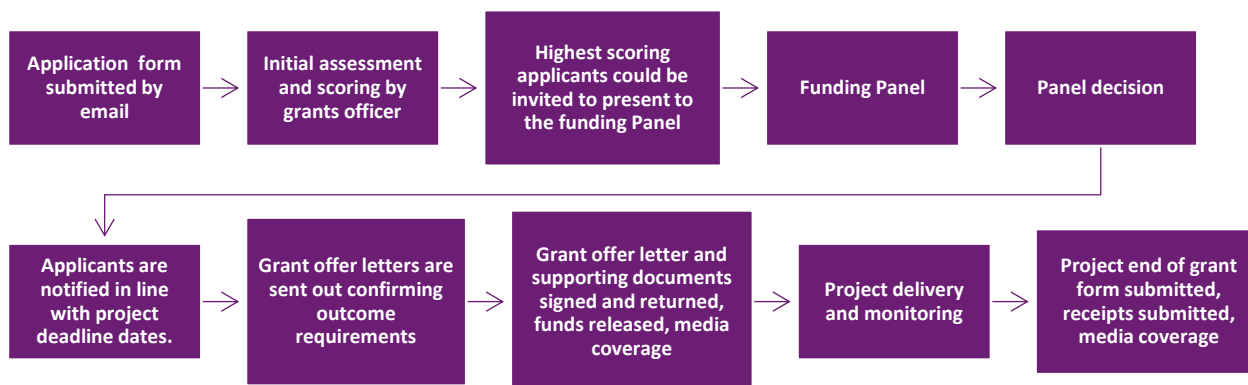

- We want to encourage projects that develop or strengthen delivery of services to children and young people through partnerships between organisations or through networks. The panel are happy to consider applications for match funding.

Geographic Location:

- The fund is open to CYP projects within the London Borough of Barnet.

Project Start:

- Applicants are asked to apply only if their project can proceed within 12 weeks of the grant award confirmation. [If planned start date is outside of the 12 weeks, please contact Young Barnet Foundation before applying as your application may still be considered]. See application and project delivery flow-chart below for your information.

Minimum eligibility criteria:

- Applicants must be a member of the Young Barnet Foundation (complying with the YBF membership criteria) – membership is free.
- Applicants must be a voluntary and community sector organisation as per the definition (below), registered charities [including CIOs \(charitable incorporated organisations\)](#). However, given the limited funding available and our mission to support small local voluntary and community groups, especially groups that find it difficult to access wider funding.
- The purpose of the grant must be to benefit children and young people (0-25, to include transition and disability) in the Borough of Barnet, with focus on enhancing emotional wellbeing and building resilience.
- The project/activity/programme for which funding is being sought does not have to be new but should be based on a need or an identified gap/need in service.
- Applicants must have a bank account in the name of the organisation or group, which requires at least two joint signatories, who are not related, for all transactions.
- Have the necessary systems, policies and procedures that fulfil legal requirements e.g. accounts, health and safety, equal opportunities, insurance, safeguarding etc (these requirements will be checked as part of the application process).
- All staff working to deliver the project must be DBS checked and organisations must follow strong safeguarding procedures as detailed in their safeguarding policy. This will need to be submitted with your application for funding.
- Applicants need to ensure that strong governance procedures are in place and that they are ‘fit for purpose’.
- Each grant application must be spent within 12 months (or 18 months in prior agreed circumstances).
- We cannot fund ongoing projects year on year.
- ****Applicants will be encouraged to join London Youth and participate in their ‘Quality Mark’ scheme.**

***this is not a condition of the grant, merely an encouragement to ensure that organisations are aware and supported to adopt procedures to help them develop.*

Grant Monitoring Process:

All grant recipients will be required to monitor their projects against pre-determined criteria provided and submit monitoring reports. Reports will be required at the end of the project, as agreed with the Grants Committee. In some circumstances, a mid-point report may be required – this would be stipulated as part of the grant.

This report should contain details on progress and the successes of the project. This should include:

- Information on the numbers of children/young people engaged, stats – age, gender, etc, outcomes achieved as well as feedback from service users. This may include recording the progress young people make in terms of recorded/accredited outcomes.
- Evidence of successful outcomes against stated objectives:
 - Benefit children and young people in the London Borough of Barnet
 - Build resilience in children and young people
 - Improve emotional wellbeing
 - Remove stigma - making it easier for children and young people to access services and ask for help
 - Demonstrate fresh thinking through partnership working
- How the Charity's grant was used including relevant documentation, receipts etc.
- Your Grants Manager or nominated person from Young Barnet Foundation, may also undertake a Monitoring Visit to see how your project is progressing. If your grant is related to a specific activity, please advise your Grants Manager of the session dates over the project year so that they can attend at an appropriate time.

We are encouraging all applicants to join us in using the *Upshot* monitoring and evaluation web-based tool. For more information, please contact Young Barnet Foundation. Costs are extremely competitive for an organisation at less than £5 per week for Members (£240.00 inc VAT pa). Whilst using *Upshot* is not a compulsory requirement for your Space2Grow application, we encourage you to consider the benefits to your organisation of using this data collection and management system. Young Barnet Foundation can provide full training to use the system and the software can be used for use throughout your organisation and not just for the Space 2 Grow funded project. Further information available at <http://upshot.org.uk/>

Please note: reporting is not designed to be onerous, however, we need to evidence the impact of funding so that we can grow local funding to support the sector further along with accounting for Public Money.

Application process:

Applications must be submitted via email using the application form available online for download at www.youngbarnetfoundation.org.uk and submitted by email to grants@youngbarnetfoundation.org.uk

Decision Making Process:

Assessment: Applications will initially be assessed by the YBF Grants Officer and staff against the funding criteria.

Funding Panel: Eligible applications will then be reviewed by an independent Funding Panel composed of a mix of stakeholders. These may include:

- Representative(s) from the Young Barnet Foundation board of Trustees
- A representative from NHS Barnet Clinical Commissioning Group
- A representative from the Local Authority
- Young Barnet Foundation Funder Representative
- Young person(s)
- A representative/s from other appropriate funding agencies may also be invited to attend
- Local based

The funding panel's decision is final. There is no appeal process in place. Due to the expected volume of applicants, it will not be possible to give feedback at this time.

Panel Outcome: Applicants will be notified of the outcome of their application within 4 weeks* of the panel meeting, where possible. The outcome of the application may be:

- Full Grant
- Partial Grant
- Decline
- Where we have declined an application, we will try to signpost your application to other funders, partners or members who may be able to assist.

Terms and definition

Voluntary and community sector

The Voluntary & Community Sector (VCS, sometimes referred to as the Third Sector), is the term used to describe the range of organisations which are neither state nor the private sector. It includes organisations such as associations, self-help and community groups, voluntary organisations, social enterprises, housing associations, mutuals and co-operatives. Such organisations are sometimes, but not always, charitable (as defined in law) but may be registered charities. VCS Organisations are independent of government; 'value-driven' – that is, they pursue social, environmental or cultural objectives rather than primarily aiming to make profit; they reinvest any surpluses, or in the case of Social Enterprises all surpluses, in the pursuit of their objectives.

A **constituted group** is a **group** of people who come together to further any objective; in this case, to support children and young people. The **group** is run on a voluntary basis and is set up as a small organisation in its own right, with a management committee, constitution and its own bank account.

This document is expected to be read in conjunction with the Space 2 Grow Children and Young People's Fund (no.8) Terms and Conditions.
